

16277 Modular hand rail

Modular handrails have a special oval shape which enables a natural firm grip. The rail diameter is 30 x 33 mm. Load-bearing capacity is a max. of 225 kg. The rail frame is aluminium, with a non-slip, antimicrobial paint cover. Additional hardware is polymer. Mounting hardware included. Modular handrails are available in a variety of standardised sizes but are also customisable from individual modules
