

6300 Gaius cabinet with handrail

Gaius cabinets are customizable to different individual needs. The wall-mounted cabinets ease cleaning in humid bathroom conditions. The white moisture resistant frame, made of 16 mm melamine, ensures longevity in active use. The doors are made of high-pressure laminate with additional grey accent strips along the edges to promote spatial recognition. The doors are soft-closed and opening-limited (90°).

The orientation of the doors is changeable.

The cabinet can be customized to include a lock hole, suitable for an Abloy- or cabinet lock. Such modification requires identification of preferred door orientation with the order.

Gaius cabinet model 6300 consists of

- two stationary shelves
- antimicrobial handrail
- a pull-out drawer
- a pull-out laundry basket
- a fixed enclosing that can be fitted with an electrical outlet

Product numbers:
