

6721 Life basin

Life basins are made of durable and antimicrobial cast marble. The modern and aesthetic design makes the basin an ideal addition to bathrooms in private homes. The fixed rails support standing and ease approach, and if necessary, can also be used as towel racks. Right- and left-handed basins are available, classified by the side of the rail or location of the basin.

A water trap, an overflow set, and wall brackets are included. Mounting hardware sold separately. The basins are customizable by different handrails, which come in both L-shaped and straight front rails. Other furnishings from the Life series can complement the aesthetics of the basin.
