

6203C Original basin

Original basins are made of a durable and antimicrobial cast marble. A Korpinen classic, the Original basin has fixed rails in front to support standing and ease approach. The angle of the front rim ensures that splashes stay inside the basin. Rails are available in different accent colours to promote better spatial recognition. Colour options for rails: white (RAL 9016), grey (RAL 7037) and red (RAL 3003).

Wall brackets and fixed water trap are included with the basin. Mounting hardware sold separately. Manual and electronic height adjustments are available for the model. The basin can also be customized to include a bidé shower head.

Original basin sustains 400 kg of weight and basins rails sustain 230 kg of weight (VTT (RTE 3664/01)). Right- and left-handed basins are available, classified by the direction of the tapered tail. The recommended mounting height is 800 mm.

Left-handed Original basin with turned-in rail ends.

Product numbers:

With overflow:

- 6203WCAM.4, with white rail
- 6203GCAM.4, with grey rail
- 6203RCAM.4, with red rail

Without overflow:

- 6203WCAM.4 ilman yv, with white rail
- 6203GCAM.4 ilman yv, with grey rail
- 6203RCAM.4 ilman yv, with red rail
