

62011 Plus basin

Plus basins are made of durable and antimicrobial cast marble. The Plus basin has fixed rails in front to support standing and ease approach. The angle of the front rim ensures that splashes stay inside the basin. Rails are available in different accent colours, to promote better spatial recognition: white (RAL 9016), grey (RAL 7037), red (RAL 3003) and stainless steel. The 1500 mm width provides a broad tabletop, with a capacity to add a wall-mounted cabinet below the tapered end.

Wall brackets and fixed water trap are included with the basin. Mounting hardware sold separately. Manual and electronic height adjustments are available for the model. The basin can also be customized to include a bidé shower head.

Plus basin and rails sustain 230 kg of weight (VTT (RTE 3664/01). Right- and left-handed basins are available, classified by the direction of the tapered tail. The recommended mounting height is 800 mm.

Left-handed Plus basin.

Product numbers:

With overflow:

- 62011WAM, white rail
- 62011GAM, grey rail
- 62011RAM, red rail
- 62011SSAM, stainless steel rail

Without overflow:

- 62011WAM ilman yv, white rail
- 62011RAM ilman yv, red rail
- 62011GAM ilman yv, grey rail
