

63020 H Gaius washing machine cabinet

Gaius cabinets are customizable to different individual needs. The wall-mounted cabinets ease cleaning in humid bathroom conditions. The white moisture resistant frame, made of 16 mm melamine, ensures longevity in active use. The doors are made of high-pressure laminate with additional grey accent strips along the edges to promote spatial recognition. The orientation of the doors is changeable.

The cabinet can be customized to include a lock hole, suitable for an Abloy- or cabinet lock. Such modification requires identification of preferred door orientation with the order.

The Gaius washing machine cabinet (63020 H) consists of two separate frames. The lower frame can be removed to provide floor space for the washing machine.

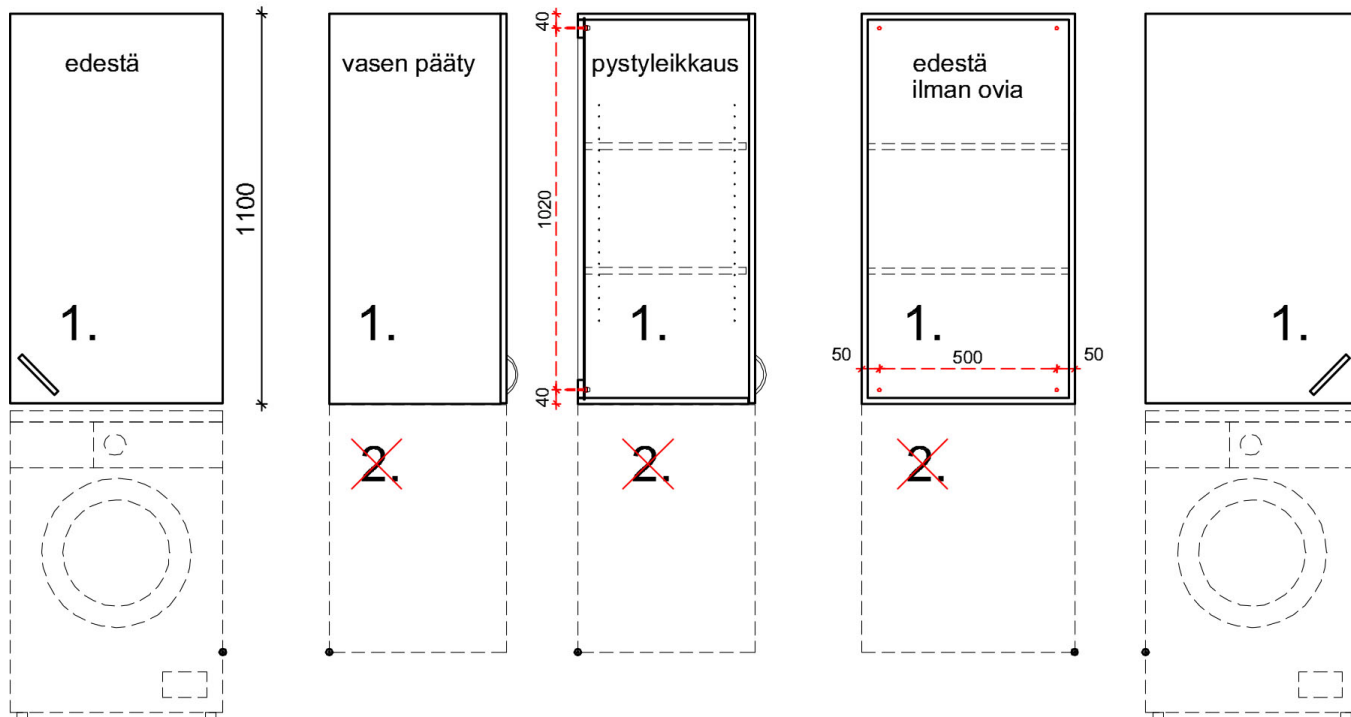

The top frame (63020-1 H):

- W600 x H1100 x D500 mm
- includes two shelves

The bottom frame (63020-2 H):

- W600 x H700 x D500 mm
- one shelf
