

82094

- The updated design of Katrin dispensers - now in a more compact size.
- Dispenser for System Towel roll hand towels. High visitor capacity solution - up to 800 sheets per refill.
- Lock on both sides of the dispenser allows for flexible placement.
- Top-opening lid. If the paper is not visible, the dispenser has a convenient feed button for paper.
- Dispenses just the right amount of paper at a time.
- Easy to use and refill.
- The transparent side panels make it easy to see the refill needs without opening the dispenser.
- The main materials for the dispenser's plastic parts and lock are: ABS (Acrylonitrile butadiene styrene), PC (polycarbonate), POM (polyoxymethylene).
