

17414G Sense hand and back support

Combined hand and back support makes it easier to sit down and provides comfort and safety to the Sense shower seat. Hand rails can be moved individually. Handrails have an elastomeric coating for 280 mm, which provides a non-slip grip.

The size of the back support is 195 x 145 mm. The Sense arm and back support is complementary to the Sense shower seats **17412G/R** and **17413 G/R**.

Mounting hardware sold separately.
