

10408 Art 4 support rail, yellow

Durability is the primary priority of the design of the Art 4 support rail. The wall-mounted rail ensures safe and stable support from the top and sides. Load-capacity of the rail is 150 kg, and 60 kg torque from the side. The antimicrobial elastomeric coating of the rail provides a hygienic and non-slip grip. Height adjustment range is 200 mm, alterable without tools. The rail Ø 33 mm, with a width of 800 mm from the wall. Mounting hardware sold separately. Antimicrobial.

Product Information			
Width	0 mm	Color	grey RAL 7037
Length	800 mm	Rail color	yellow RAL 1004
