E1

A

B

C

D

E

F

G

Do not try to unclog any blockage via the toilet bowl as this may damage the flexible pipe.

Always perform unclogging by moving the implement in the direction of the building's drain pipes.

In a case of checking or clogging:

1. Lift Duo as up you can
2. Remove screws, 4 pcs
3. Remove under cover
4. Squeeze black drain pipe
