ERGOMEDIC
Installation Instruction
IMPORTANT!

ENG

Please read these instructions carefully before installation.

When working at heights, please use a suitable platform to work from.

Please note: For new installations, check for any electrical cables or pipe work (gas/water) in the vicinity of the intended mounting point before proceeding with the installation.

To avoid the risk of electrocution, please turn off the electricity supply mains before commencing the installation.
Ensure that the fixing location is able to take the weight of the complete fitting.
Wear suitable eye protection when drilling. Be careful when using power tools near water.

Installation should be carried out by a qualified electrician.

Please leave a copy for the user/maintenance engineer for future reference.

Do NOT strike mirror glass with hard or pointed items. It is recommended that the product is cleaned with a soft, dry, non abrasive cloth.
Do NOT use cleaning agents or abrasive materials on any type of finished surface.
Do NOT allow moisture to come into contact with the electrical components.

ERGOMEDIC
Asennusohje
TÄRKEÄÄ!

FIN

Lue nämä ohjeet huolellisesti ennen asennusta.

Kun työskentelet korkealla, käytä siihen soveltuvaa työskentelyalustaa.

Huomio! Ennen uutta asennusta, varmista että suunnitellun asennuspaikan läheisyydessä ei kulje sähköjohtoja tai kaasu- ja vesiputkia.

Sähköiskun välttämiseksi, sulje verkkovirta ennen asennuksen aloitusta.

Varmista että asennuspaikka kestää koko laitteen painon.

Käytä poratessa asianmukaisia silmäsuojaimia. Ole varovainen kun käytät sähkötyökaluja veden lähellä.

Asennuksen saa suorittaa vain valtuutettu sähköasentaja.

Säilytä kopio käyttöohjeista käyttäjää/huoltohenkilöä varten.

Älä lyö peililasia kovilla tai terävillä esineillä. Suosittelemme tuotteen puhdistusta pehmeällä, kuivalla ja hankaamattomalla liinalla.

Älä käytä puhdistusaineita tai hankaavia materiaaleja millään viimeistellyllä pinnalla.

Älä päästä kosteutta sähköosiin.
